

Kindergarten

Student of the Month

Levi

Levi is one the hardest workers! He comes to class everyday and is always participating. He also always has a positive attitude and a smile on his face. He works hard in his school work and has grown so much since the beginning of the year. Great job Levi!

1st Grade Student of the Month

Rion

Rion is an exemplary citizen in our digital classroom. I am constantly impressed by how friendly and welcoming she makes our Zoom sessions. She welcomes other kids by name and always notices if one of her classmates is missing. She has lots of suggestions for helping other students and shows kindness and compassion as she tries to involve everyone. She has so worked hard this month to remember to take turns during our lessons and is doing amazing!

2nd Grade Student of the Month

Giovanni

Giovanni is an outstanding student! He is always so willing to share new ideas in class, he complements other students works, and is on task. Gio's work on his assignments is wonderful. He always works so hard! I love that about him. You know it is going to be a good day when Gio says hello to the class and smiles. We love Gio and all of the hard work he does and the example of excellence he gives. Congratulations Giovanni!

3rd Grade Student of the Month

Viviana

Viviana is such a pleasure to have in class. She is always courteous and kind to other students. She doesn't cut off other kids in class, and always waits for her own turn. We also love how she is taking ownership of her education. Recently we took a standards mastery assessment in USA Test Prep. She passed it off and wasn't put into a small group. When they got the email that they weren't in small group, they responded back to let us know that they would still like to be invited to small group to practice those skills. She is an excellent example of a student who works hard to make sure they know what they are doing and that they do it right every time. She works hard on her assignments and does her best every time.

4th Grade Student of the Month

Kai

Kai has shown continual growth this year. He comes to class prepared and always participates. He always tries his best, even when things are tough for him. He has continually worked hard and shown growth in both math and ELA. He has consistently improved his scores from pre to post test and even grew 80% on the math multiplication test. He works hard every day and shares his knowledge with others. Kai is a great friend to others and is always kind and friendly to other people. Way to go Kai!

5th Grade
Student of the Month

Michael

Michael is getting this award for his perseverance and great attitude in small groups for math. He has been so positive and always trying his best and to grow as a student. Because of his dedication he has greatly improved. Keep up the great work Michael!
