

Overview

At this age, students are exploring different avenues of interest and expression and love to participate in dramatic play. The Mindset **Passion First** teaches us that we are happiest and feel the most fulfilled when we are doing something that we love and feel successful doing.

Objectives

- Understand the meaning of being passionate about something
- Identify what we are passionate about

SEL Alignments

- **Self-Awareness** – Students gain a greater knowledge of and appreciation for their own talents and the relevance they bring to themselves, as well as, their school and community.
- **Cultural Competence** – Students build a greater appreciation for their own capabilities and perspectives, as well as, those from people of different backgrounds, abilities and cultures.
- **Hope** – Students gain greater clarity on a positive future that leverages their innate abilities and strengths.
